**Request for Proposals**

**Housing Choice Voucher Project-Based Funding Assistance**

The Winnebago Housing Authority (WCHA) (dba NI ReACH) is issuing a competitive Request for Proposals (RFP) from experienced rental housing providers to receive Project-Based assistance for rehabilitation and/or new construction. The housing must be located within Winnebago and Stephenson County, Illinois. WCHA's goals for project basing Housing Choice Voucher assistance are to increase and preserve affordable rental housing opportunities for lower-income Winnebago County, Illinois households.

Through this RFP, the Authority intends to make up to ten (10) Mainstream Housing Choice Vouchers (HCV) available for Project-Based assistance for an initial term of 20 years. Contract terms may be extended subject to federal appropriations and contract performance. No more than 25% of units in any one project may receive Project-Based assistance with the exception of single family dwellings, developments for elderly or disabled families, and developments that offer supportive services. Units proposed for Project-Based assistance must be vacant or occupied by a lower-income household, not receiving tenant-based assistance on the date of submission. After that, all new occupants must result from a referral from the WCHA waiting list. In addition, the owner must certify that tenants have not been displaced to qualify for a unit. Preference will be given to proposals which meet the following criteria:

- De-concentration of poverty and expanding housing and economic opportunities.
- Provide rental housing located in census tracts with poverty rates less than 20%
- Create more affordable housing through the construction or rehab to create affordable housing units.
- Create more affordable housing within walking distance of services, amenities, and public transit.
- Provide additional affordable units targeted to households at or below 50% of the Area Median Income (AMI).
- Proposals with longer contract terms.

Successful submissions will receive letters of commitment for HCV Project-Based funding and, eventually, the execution of Agreement to Enter in Housing Assistance Payment Contracts (AHAP) for the initial term of the proposal. Units proposed for Project-Based assistance may be subject to HUD Environmental and Subsidy Layering Reviews before issuance of the AHAP contract.

To be considered, email copies of proposals complying with the terms and conditions of the application must be submitted. Applications will be accepted until 4:00 p.m. on December 13, 2022.

This application must be completed, and the information provided will be verified before Winnebago County Housing Authority's final acceptance.

WCHA expects to select the proposals that demonstrate the most potential to achieve the objectives described in and based upon additional evaluation criteria outlined in the application. The WCHA reserves the right to waive any informalities or irregularities in submittals and reject all proposals.

## **I. Scope of Services**

HCV Project-Based Vouchers provide rental subsidies to extremely-low income (ELI) and very-low-income (VLI) households. The amount of rental subsidy is based on the difference between the tenant's contribution (30 percent of defined household income) and the contract rent for an eligible housing unit. Rents must be reasonable for the immediate market, with the determination of rent reasonableness according to 24 CFR 983.303.

WCHA will offer owners of selected quality affordable housing the opportunity to receive allocations of vouchers that can be attached to their rental housing for an extended period of time through contracts with the Authority. Owners will gain the benefit of a multi-year contract ensuring the HCV program approved rent for their properties for an extended period. Eligible projects must be within the jurisdiction of Winnebago and Stephenson County, Illinois.

## **II. Available Vouchers and Intended Uses**

**Availability:** Voucher availability is conditional upon agreements with the Department of Housing and Urban Development.

**Use:** WCHA must provide 75% of its voucher to extremely-low income (ELI) and very-low-income (VLI) households in existing, new, and or rehabilitated construction under a Project-Based Voucher HAP Contract.

### **Terms of Housing Choice Voucher Project-Based Assistance**

Key contract terms and program regulations include, but are not limited to, the following:

**A. Contract Term:** The HCV Project-Based Vouchers will be committed for an Initial 20-Year Term subject to the availability of continued funding to the WCHA from the U.S. Department of Housing and Urban Development. Contracts will be executed between the BCHA and the owner of the development.

**B. Rents:** Rents must be reasonable, i.e., comparable to the market rents for similar units in that immediate market. Market rents will be approved by WCHA using Rent Comparability Studies.

**C. Tenant Selection:** Tenants of assisted units will be referred exclusively via the PBV waiting list maintained by WCHA. Selection of tenants for these Project-Based units is outlined in the WCHA's Administrative Plan for the HCV Program consistent with the following guidelines:

- 1) WCHA will establish a separate waiting list for PBV assistance.

- 2) WCHA will refer families to properties based on the availability of appropriate sized units.
- 3) The owner of the units must select tenants from applicants referred from the WCHA's waiting list.
- 4) Owners must screen the prospective tenants referred by WCHA and used the same selection criteria for tenants from their development. Owners must submit written selection criteria.
- 5) Owners may reject tenants referred by the WCHA; however, valid reasons based on the generally applied selection criteria must be provided in writing for such rejections.
- 6) Owners may refer prospective tenants to WCHA's waiting list according to HUD regulations.

**D. Housing Quality Standards:** Selected units must meet HUD's Housing Quality Standards.

**E. Site Standards and De-Concentration of Poverty Goals:** The project must be consistent with the goal of de-concentrating poverty and Expanding Housing and Economic Opportunities. Project-Based Voucher assistance must be for units in census tracts with a poverty rate of less than 20 percent.

**F. 25% Limitation:** Units receiving PBV assistance may not exceed 25% of total units at a property, except for single-family homes, housing for the elderly or disabled, and housing that provides supportive services.
